Cordially invites CJST members and their guests to the inaugural screening of CJST's monthly "Windows on Culture" Movie Nights.

Our first film will be Paul Schrader's "Mishima: A Life in Four Chapters", a stylized and fictionalized account of the life of author Yukio Mishima. Banned in Japan, this controversial film features Cannes award-winning cinematography and a haunting Philip Glass soundtrack.

Friday, September 17th, 2004  
6:30 p.m. screening, followed  
by a reception
