# UGETSU

## 雨月物語

"An extraordinarily worthy cinematic achievement... (Mizoguchi's) camera is remarkably fluid, and compositionally, it's one of the most striking movies ever made... It's a haunting movie, beautifully made, and worth watching and re-watching."

映画史における最高傑作、溝口のカメラは流れるようにスムーズでその構図の美しさは比類をみない。  
何度でも観たい忘れがたい名作。

"Presented in a manner as eerie as it is heartbreaking, this film is a gorgeous supernatural fable about the folly of men with dreams larger than their abilities and their women who suffer as a result."

不気味さと哀しさの入り混じった美しい作品。自らの器以上のものを求める愚かな男達と、彼らによって苦悩する女達の超自然的な寓話。

"Ugetsu" is one of the defining films not only of Japanese cinema but all of cinema, and your film knowledge is incomplete until you have seen this gem. More than once."

雨月物語は日本だけでなく、世界の傑作である。この作品を観なければ「映画ファン」とは言えない。
